The Republicans of Illinois are resolved that the State shall be redeemed, and their Convention at Springfield on the 16th was one of the lar, est and most enthusiastic of delegate assemblages. There were 1,500 in attendance, and the action of the Convention was resolute and harmonious. James Miller, the present State Treusurer, was nominated by acclamation; and on the 4th ballot Newton Bateman was nominated as Superintendent of Public Instruction The resolutions adopted in their leading features reaffirm the principles of the Philadelphia piatform. The Dred Scott decision is repudiated and the power of Congress over the Territories reaffirmed. is very strongly urged and set forth. A resolution endorsing the course of Senator Trumbull was passed unanimously, and another declaring, in strong terms, that the Hon. Abraham Lincoln is the first and only choice of the the Republicans of Illinois as the successor of Senntor Douglas. After the Convention Mr. Lin coin made a splendid speech, to the immense crowd in front of the State House.
